MAS Workshop 2016 *Mobilities*

Methodologies in American Studies Workshop was initiated by Dominika Ferens, Ewa Łuczak, and Zuzanna Ładyga in 2012, with the goal of fostering collaboration between PAAS and its sister American Studies associations in Eastern Europe. Since then, PAAS has organized two editions of the Workshop in 2012 (American Studies Center, Warsaw) and 2014 (English Studies Department, University of Wrocław), thanks to the generous financial support of the U.S. Embassy in Warsaw.

This year's edition of the Workshop is entitled *Mobilities*. In this way, we want to stress the relevance of American Studies to the migration problems of today as well as emphasize our own mobility in terms of methodological approaches and specializations. *Mobilities* is a two day venture, designed to introduce you to new trends in literary studies, to discuss their social relevance, and to create an inspiring scholarly atmosphere in which you can all exchange views and develop.
